

Privacy and protection for your mobile lifestyle

3M™ PRIVACY SCREEN PROTECTOR

The more mobile you are, the more you need to protect your information.

No one wants private information exposed. Whether it's email and video-enabled smartphones or tablets, 3M Mobile Privacy Film protects on-screen information so your mobile communications stay confidential, even in the most public places. 3M Mobile Privacy Film makes screens look black from the side, preventing others from viewing your screen information and preventing the invasion of your personal space.

3M™ PRIVACY SCREEN PROTECTOR

Privacy on-the-go For tablets:

- Provides the ultimate privacy protection.
- Maintains high clarity images and touchscreen functionality
- Protects the screen
- Allows you to choose when to keep information private and when to share it
- Finger-print and smudge resistant

Available for iPad™, iPad2™ and Samsung Galaxy™ Tab

For smartphones:

- Protects on-the-go communications
- Effectively blocks others from viewing information on your display
- Easy to apply and remove
- Prevents damage to your display
- Stay-clean edges
- Maintains clarity and touchscreen response
